

Corporate Health Services

At Cleveland Clinic London, we partner with businesses and organisations to provide personalised health assessments and a 24/7 dedicated concierge medicine service for your employees. Investing in employee healthcare benefits both your workforce and your organisation. With our range of services, we help ensure your employees feel empowered and in control of their health.

HEALTH ASSESSMENTS

We offer tailored health assessments designed to meet individual health needs:

Advanced Health Assessments

Our Advanced Health Assessments provide comprehensive evaluation and testing through a 2.5-hour session with an experienced clinician, including 60 minutes with a GP.

Executive Health Assessments

For a more in-depth evaluation, our Executive Health Assessments offer a 4 to 6 hour assessment with one of Cleveland Clinic London's top GPs.

A TAILORED PATIENT EXPERIENCE

We include all the annual tests patients need in one visit, based on age, health history and other factors. Our personalised screening covers a comprehensive range of checks tailored to the patient, from menopause assessment to cancer screenings and cardiovascular evaluations.

CONCIERGE MEDICINE

Our Concierge Medicine programme gives employees 24/7 access to world-class healthcare from a leading provider ranked among the top 2 hospital groups in the world.
